FREIGHT POLICY

- All products will be FOB shipping point and shipped prepaid on our selected carriers with shipping charges added to customer invoice unless otherwise directed at the time order is placed.
 - Customers may will-call orders at any Dayton Superior facility and/or request collect or 3rd party billing on customer-specified carrier if preferred. For LTL/parcel shipments requested collect or 3rd party bill, Dayton Superior will make the arrangements with the carrier. For truckload shipments, the customer may make their own arrangements or provide carrier contact information for Dayton Superior to make the arrangements. In both situations, Dayton Superior will provide a bill of lading to the carrier at the time of shipment.
 - Products normally available at a given distribution/service center but currently out of stock will be charged freight from the point of shipment should customer delivery requirements not allow for normal stock replenishment. Each distribution/service center carries a different mix of standard stocking items based on historical regional sales activity. As a result, items listed in the price book are not necessarily stock items. Please contact your Sales or Customer Service Representative to verify standard stocking items for a particular location.
 - Configured and make-to-order products will be shipped FOB from nearest distribution center for customer account if lead-time allows for consolidation at the distribution center. If customer delivery requirements do not allow for consolidation, full shipping charges FOB Plant will apply.
 - Dayton Superior will continue to quote shipping charges at the time of quote or order placement per the above guidelines. Shipping charges added to quotes are valid until the quote expires, provided no changes are made to quoted items and/or quantities. Orders placed after the quote expiration date will reflect item pricing and shipping charges in effect at the time the order is placed.
 - Changes to order quantities and/or items ordered will result in a change to the shipping charges. If this occurs, an updated order acknowledgement or quotation will be sent to the customer with revised shipping charges.
 - Neither Sales nor Customer Service Representatives are authorized to deviate from this policy.
-

Dayton Superior Corporation ("Dayton")
Terms and Conditions of Rental/Sale

These terms and conditions apply to all sales and rentals of products ("Products") by Dayton. If Dayton issues a quotation or proposal ("Quotation") to its customer ("Customer") which the Customer accepts by issuance of a written purchase order against the Quotation (or by other means acceptable to Dayton) within the period specified in the Quotation (or, if no period is specified in the Quotation, within 30 days after the Quotation is issued), the Quotation, together with these terms and conditions, will constitute the entire contract between Dayton and Customer with respect to the Products (collectively, the "Contract"). If Dayton does not issue a Quotation with respect to Products, the entire Contract shall consist solely of Dayton's order acknowledgement with respect to the Products and these terms and conditions of rental/sale.

All rentals and sales of Products by Dayton are subject to and conditioned on these terms and conditions. Customer's issuance of a purchase order against a Quotation or with respect to which Dayton issues an order acknowledgement shall serve as Customer's assent to and acceptance of all provisions of the Quotation or order acknowledgement and these terms and conditions. Dayton hereby expressly rejects any additional, inconsistent or conflicting terms or conditions proposed by Customer (including any such terms or conditions set forth in Customer's purchase order). Clerical errors are subject to correction in all cases. If Products are being sold by Dayton pursuant to the Contract, the Products being sold sometimes are referred to herein as "purchased Products," and if Products are being rented pursuant to the Contract, the Products being rented sometimes are referred to herein as "rental Products."

1. **Purchase Price or Rental Charge; Payment.** Except as otherwise expressly provided in the Quotation, the unit prices or monthly rental charges listed in the Quotation are firm only for orders placed against the Quotation within 30 days after the Quotation is issued and, thereafter, such prices or rental charges are subject to adjustment to the prevailing prices or rental charges in effect at the time of invoicing. Rental charges commence immediately upon the date Dayton ships rental Products and cease on the date the Products are returned to Dayton's warehouse, as shown on shipping documents. While Customer may return any rental Product at any time, in all events Customer will be charged for a minimum of one month's rental, with any partial months over the minimum one month period being pro-rated. For purposes of calculating rental charges, each week is assumed to have 7 days and each month is assumed to have 28 days, and pro-rations will be made accordingly. Quoted prices or rental charges are valid only if all items, quantities and sizes listed in the Quotation or order acknowledgement are purchased or rented and only if the Products are to be shipped within Dayton's normal production and shipping schedule. Quoted prices and rental charges do not include any taxes or other governmental charges which may now or hereafter be applicable to or imposed upon the Products, including sales, use and similar taxes, and Customer shall pay or reimburse Dayton for any such taxes paid by Dayton. Unless otherwise expressly provided in the Quotation or order acknowledgment, Customer shall pay the full price for purchased Products, together with any transportation charges, taxes and other charges, within 30 days after the date of invoice, and all rental charges for rental Products will be invoiced monthly and shall be paid by Customer in full, together with any transportation charges, taxes and other charges, within 30 days after the date of invoice. Invoices not paid in full by the due date shall be subject to a late charge of 1 and 1/2% per month on the unpaid balance from the due date until payment is made in full or, if less, the maximum amount allowable by applicable law. All payments shall be made without set-off, deduction or counterclaim.
 2. **Delivery; Risk of Loss.** Customer shall pay all transportation charges from Dayton's shipping point to destination. Title and risk of loss shall pass to Customer upon delivery to the carrier at Dayton's shipping point. Unless otherwise expressly stated in the Contract, Dayton does not guarantee, or assume any liability for, failure to meet any delivery date proposed by Customer or Dayton.
 3. **Inspection and Claims.** Customer shall inspect Products received against shipping documents upon receipt of the shipment at destination and shall notify Dayton in writing of any shortages or readily ascertainable damaged or defective Products within 72 hours after delivery. Failure of Customer to so notify Dayton shall relieve Dayton of any responsibility for such matters. All claims for loss or damage in transit must be made by Customer against the carrier.
 4. **Ownership of Rental Products.** Title to all rental Products shall remain at all times in Dayton. Customer shall not deface, remove or cover any markings showing Dayton's ownership of the rental Products. Dayton and its agent shall have the right to enter Customer's premises, or other location of the rental Products, at reasonable times and with reasonable advance notice to Customer, to inspect the rental Products. Customer shall advise Dayton upon request as to the exact location of all rental Products. Customer shall not move rental Products without the prior written consent of Dayton. Customer shall keep all rental Products free and clear of all liens, levies and encumbrances (other than those arising through or by reason of any action of Dayton) and shall timely pay all fees, assessments and taxes that now or hereafter may be imposed upon the ownership, possession, use or rental of rental Products. Customer hereby irrevocably authorizes Dayton to execute and/or file a financing statement or other notice in any jurisdiction with respect to the lease created by the Contract and Dayton's ownership of rental Products.
 5. **Use of Rental Products.** Unless otherwise expressly provided in the Quotation or order acknowledgement, rental Products do not include wood of any kind (except as part of a prefabricated panel or other prefabricated rental Product), and Customer shall be responsible for unloading, cleaning, assembling and erection of the rental Products after delivery. Without the prior written consent of Dayton, Customer shall not make any alterations, additions or improvements to any rental Products. Customer shall cause rental
-

Products to be used only by competent trained operators in a careful, safe and proper manner in compliance with all applicable laws, rules, regulations, the manufacturer's guidelines and requirements (including maintenance guidelines) and solely for the purposes for which they are intended.

6. **Limited Warranty.** Dayton warrants, for a period of 60 days from the date of shipment (3 years from the date of shipment in the case of formwork, excluding any consumable Products included with such formwork), that all Products and any associated application drawings and engineering services provided by Dayton ("Ancillary Services") will be free from defects in material and workmanship and, in the case of custom designed formwork, that the formwork will meet the specifications set forth in the design drawings approved by Dayton and Customer. Any claim under this warranty must be made to Dayton in writing within such warranty period. If any Products and/or Ancillary Services covered by a timely claim are found by Dayton to be defective, Dayton will, within a reasonable time, make any necessary repairs or corrections, or at the option of Dayton, replace the defective Products. Unless pre-authorized by Dayton in writing, Dayton will not accept any charges for correcting defects or accept the return of any Products. This warranty will not apply to any Products which have been subjected to misuse, neglect, storage damage, misapplication, accident or any other damage caused by any person other than Dayton, or which have not been maintained in accordance with Dayton's published maintenance specifications. THE LIMITED WARRANTY SET FORTH IN THIS SECTION IS IN LIEU OF ALL OTHER WARRANTIES WITH RESPECT TO THE PRODUCTS AND ANCILLARY SERVICES. DAYTON MAKES NO OTHER WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE. THE REMEDIES SET FORTH IN THIS SECTION ARE CUSTOMER'S EXCLUSIVE REMEDY FOR BREACH OF WARRANTY.
 7. **Limitation of Liability.** In all events, Dayton's liability to Customer under the Contract or with respect to the Products and the Ancillary Services shall be limited to the purchase price of purchased Products or the rental charges paid by Customer under the Contract for rental Products. Dayton shall have no other liability to or through Customer whatsoever, whether based on breach of contract, negligence, gross negligence, strict liability or otherwise. IN NO EVENT SHALL DAYTON BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR REVENUES) ARISING OUT OF OR IN CONNECTION WITH THE CONTRACT, THE PRODUCTS OR THE ANCILLARY SERVICES.
 8. **Contingencies.** Dayton shall not be responsible for delays in performance caused, directly or indirectly, by any act of God, accident, war, force of arms, fire, elements, riot, labor dispute, strike, sabotage, civil commotion, act of terrorism, government action, transportation interruption, inability to obtain materials or labor, Customer's failure or delay in approving any design or other drawings or any other contingencies beyond the reasonable control of Dayton.
 9. **Risk of Loss and Insurance.** From the date rental Products are shipped until the Products are returned to Dayton, Customer shall bear the entire risk of loss and damage to the Products, whether or not insured. Customer shall, at Customer's expense, maintain rental Products in good repair, condition and working order, normal wear and tear excepted. In the event of any loss or damage to rental Products, Customer shall place the same in good repair, condition and working order, normal wear and tear excepted, or, if Customer fails to do so, shall, at Dayton's election, pay to Dayton, at Customer's expense, the full, un-depreciated replacement cost of the rental Products plus the full amount of any unpaid rent through the date of such payment. Customer shall keep rental Products insured against all risk of loss or damage covered by customary property and casualty insurance for the full un-depreciated replacement value (new) and shall carry public liability insurance, both personal injury and property damage, covering the rental Products and their use. All such insurance shall name Dayton as an additional insured/loss payee, shall provide not less than 30 days' written notice of cancellation to Dayton and shall be of a type form, in amounts and with companies, and with terms and conditions, reasonably satisfactory to Dayton.
 10. **Indemnification by Customer.** Customer shall be responsible for all damages for personal injury or death and for all damage to property arising out of the use by Customer of the Products or any other act, or omission by Customer or any subcontractor, agent, sublessee, employee of, or purchaser from, Customer with respect to the Products, and Customer shall indemnify, defend and hold Dayton harmless from and against all liabilities, judgments, costs, damages and expenses (including reasonable attorneys' fees) which Dayton may incur on account of any such personal injury, death or property damage, unless resulting from the gross negligence or willful misconduct of Dayton. If Customer subleases or resells (in the case of purchased Products) any of the Products, Customer shall include language in an enforceable agreement with its purchaser that makes the limitations set forth in these lease terms and conditions (including the limitations set forth in paragraph 7), binding on its lessee or its purchaser and any subsequent purchasers of the Products.
 11. **Documentation; Product Data.** Any specifications, plans, drawings or application recommendations furnished by Dayton to Customer ("Documentation") are provided only as a service to Customer to conceptually illustrate the assembly and use of Products. Such Documentation is not intended to be fully directive nor to cover all engineering details on Products, on products or materials not furnished by Dayton, or on their interconnection. Inasmuch as Dayton does not control jobsite assembly or procedures, grade or quality of materials, or equipment supplied by others, it is the responsibility of Customer to integrate Documentation into composite drawings and information suitably complete for construction purposes. In the case of custom designed formwork, design drawings will be furnished by Dayton for Customer's approval prior to any fabrication by Dayton. Dayton shall not be responsible for any deviations, changes or alterations to the recommended assembly details described in forming layout drawings unless such deviations,
-

changes or alterations are illustrated in a revised design drawing provided by Dayton or are approved in writing by Dayton. Dayton shall at all times retain ownership of all Documentation and other technical data ("Product Data") with respect to the Products and the Ancillary Services, and unless duly authorized by Dayton, Customer shall not disclose any such Product Data to any other person. Upon Dayton's request, Customer promptly shall return to Dayton all copies of Product Data.

12. **Default; Termination.** If Customer fails to pay when due any rental charge or other amount due under the Contract with respect to rental Products or fails to perform any other obligation of Customer under the Contract, or if Dayton deems itself insecure or determines that any rental Products are at risk of being damaged, lost or removed from Customer's control, Customer shall pay immediately upon notice from Dayton an amount equal to the sum of: (i) the full amount of the unpaid rental charges through the date of payment, plus (ii) Dayton's most recently published list price of the Products covered by the Contract, and Dayton shall have the right, without notice or demand on legal process, to take possession of the rental Products, wherever located, at the expense of Customer, and all rights of Customer in the rental Products shall terminate absolutely; however, Customer shall not be released from its obligations under the Contract until the full amount of the unpaid rental charges and other amounts have been paid in full. Upon termination of Customer's rights under the Contract with respect to rental Products (whether by reason expiration of the rental period specified in the Quotation or Dayton's order acknowledgement, failure by Customer to perform any obligation under the Contract or otherwise), Customer promptly shall return the rental Products to Dayton, at Customer's expense, in accordance with Dayton's instructions. Customer shall pay for any damage to the rental Products, ordinary wear and tear excepted.
 13. **Costs of Collection.** Customer shall reimburse Dayton for all costs incurred by Dayton in collecting any amounts owed by Customer under the Contract (including, court costs, permissible interest and reasonable attorneys' fees) and all amounts incurred by Dayton in protecting its rights under the Contract and/or recovering and/or repairing any rental Products.
 14. **Purchase Option.** Customer shall have the option to purchase all or any rental Products covered by the Contract to the extent provided in the Contract. Unless otherwise provided in the Contract, the terms and conditions of any such purchase option shall be Dayton's then prevailing standard purchase option terms.
 15. **Compliance with Governmental Requirements.** If Customer requires that the Products comply with particular standards or requirements of law or governmental regulations, those standards or requirements must be expressly specified in writing in the Contract. In the absence of such an express specification, Dayton shall have no liability or obligation to Customer with respect to the failure of the Products to comply with any such standards or requirements.
 16. **Miscellaneous.** The Contract contains the full and entire agreement between Customer and Dayton. The Contract may not be amended or altered in any manner unless such alteration or amendment is in writing and signed by an authorized representative of Dayton. Customer may not cancel orders under this Contract for customized Products without the written consent of Dayton. Without the prior written consent of Dayton and the full release of Dayton from any obligations with respect to the Products, Customer shall not assign the Contract or rent or sublease any rental Products covered by the Contract. Any provision of the Contract that is invalid under applicable law or court order shall not in any way invalidate or affect the remaining provisions of the Contract. The Contract shall be construed in accordance with the laws of the State of Ohio and shall be binding upon the successors and assignees of the parties hereto.
-

Terms And Conditions of Sale For All Brands of Dayton Superior Chemicals

All orders are accepted and all sales are made in accordance with the following terms and conditions.

PRICING

This price list supersedes all previous price lists. ALL ORDERS ACCEPTED BY US ARE SUBJECT TO PRICES IN EFFECT AT THE TIME OF SHIPMENT. All orders are subject to approval of Purchaser's credit and final acceptance by Dayton Superior.

TERMS OF PAYMENT

All shipments are made on NET 10 DAYS. Dayton Superior reserves the right to require payment in full before shipment, or in the case of products made to special order, before the manufacture thereof. Each shipment shall be deemed a separate and independent transaction and payment shall be made accordingly. PAST DUE ACCOUNTS ARE SUBJECT TO A 1 1/2% PER MONTH SERVICE CHARGE OR THE MAXIMUM ALLOWABLE LEGAL NOTE, WHICHEVER IS LOWER.

SHORTAGE AND DAMAGED GOODS

Shortages or errors in billings must be reported to customer service in writing to Dayton Superior within five (5) days from receipt of shipment to secure adjustment. If shipments are received in a damaged condition or short in number of packages, the customer must have the carrier note this fact on delivery receipt or paid freight bill. Claims for loss and damage in transit with the transportation company is the responsibility of the customer.

FREIGHT TERMS

All prices are F.O.B. Manufacturing Facility or shipping point. Risk of loss passes to Purchaser upon delivery of products to an agent of Purchaser or common carrier. See Freight Policy.

TAXES

Any sales, use or similar tax or charge now made by Federal, State or Municipal Authority, applicable to the sale or use of products shall be added to the price and shall be paid by the customer.

PATENTS

Dayton Superior ("D-S") will defend and hold harmless Purchaser of the products identified herein against charges of infringement of claims of United States patents issued at the time of acceptance of the order by D-S, provided such charges are based exclusively on alleged infringement by products designed and manufactured by D-S. Before this responsibility shall arise, D-S must be notified in writing and tendered the right to defend, settle or make changes for the purpose of avoiding infringement. Under no circumstances will D-S's total liability to Purchaser for damages incurred as a result of any patent infringement exceed that which is agreed to in the remedy clause stated herein.

WARRANTY

Dayton Superior warrants, for 12 months from the date of manufacture or for the duration of the published product shelf life, whichever is less, that at the time of shipment by D-S, the

product is free of manufacturing defects and conforms to D-S's published specifications in force on the date of acceptance by D-S of the order. D-S shall only be liable under this warranty if the material has been applied, used, and stored in accordance with D-S's instructions in this technical data sheet. The purchaser must examine the product when received and promptly notify D-S in writing of any non-conformity before the product is used, or no later than 30 days after such non-conformity is first discovered. If D-S, in its sole discretion, determines that the product breached the above warranty, it will, in its sole discretion, replace the non-conforming product, refund the purchase price or issue a credit in the amount of the purchase price. This is the sole and exclusive remedy for breach of this warranty.

Only an D-S officer is authorized to modify this warranty. The sales information on the D-S website and received by the customer during the sales process does not supersede this warranty and the specifications of the product in force on the date of sale. THE FOREGOING WARRANTY SHALL BE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES OTHERWISE ARISING BY OPERATION OF LAW, COURSE OF DEALING, CUSTOM, TRADE OR OTHERWISE.

LIMITATION OF LIABILITY

Dayton Superior shall not be liable in contract or in tort (including, without limitation, negligence, strict liability or otherwise) for loss of sales, revenues or profits; cost of capital or funds; business interruption or cost of downtime, loss of use, damage to or loss of use of other property (real or personal); failure to realize expected savings; frustration of economic or business expectations; claims by third parties (other than for bodily injury), or economic losses of any kind; or for any special, incidental, indirect, consequential, punitive or exemplary damages arising in any way out of the performance of, or failure to perform, this Agreement, even if D-S could foresee or has been advised of the possibility of such damages. The Parties expressly agree that these limitations on damages are allocations of risk constituting, in part, the consideration for this agreement, and also that such limitations shall survive the determination of any court of competent jurisdiction that any remedy provided in these terms or available at law fails of its essential purpose.

PRODUCTS SHELF LIFE

Based on years of experience and improvements in the technology of our products and formulas the following shelf-lives are in effect as of August 22, 2008 from the date of manufacture as indicated by the Batch code and provided materials are properly stored:

Product Group	Shelf-Life
Form Release Agents (Oil-Based)	2 years
Cures & Seals (Solvent-Based)	2 years
Cures & Seals (Water-Based)	1.5 years

Sealers (Solvent-Based)	2 years
Sealers (Water-Based)	1.5 years
Cures (Resin-Based)	1.5 years
Cures (Wax-Based)	1 year
Liquid Hardeners	1 year
Acrylic Bonding Agents/additive	1.5 years
Other Bonding Agents	1 year
Epoxy Products	2 years
Water Based Bond Breakers	9 Months
Cement Products	1 year
Polyurea, Bulk	1 year
Polyurea, cartridges	9 Months
Cleaners and Strippers	2 years

Due to specific product formulations, some exceptions may apply. Refer to product label for best used by dates. Always rotate stock.

FREEZING

Products marked with an (F) are freezable and should be stored at temperatures above 32°F (0°C) or per instructions listed on the product’s Technical Data Sheet. During the winter season, some products may freeze in route, if so, please note on bill of lading and contact Dayton Superior.

REMEDY

All claims must be made within twelve (12) months from the date of delivery to the original user. Upon satisfactory proof of claim by Purchaser, D-S will, within a reasonable time, make the necessary repairs or replacements, or where foregoing are deemed by D-S to be commercially impractical, refund the purchase price upon return of the products. Repair or replacement provided under this remedy will be supplied by D-S free of charge, F.O.B. shipping point, freight prepaid and allowed at the lowest available commercial rate. Except for the following, D-S will not pay any incidental or consequential costs involved in repair or replacement such as field labor and equipment costs. Replacement or returns for credit will not be allowed unless authorized by D-S in writing.

COMPLETE AGREEMENT

The complete agreement between D-S and Purchaser is contained herein and no additional or different term or condition stated by Purchaser will be binding unless agreed to by D-S in writing. The failure of D-S to insist upon strict performance of any terms or conditions stated herein will not be considered a continuing waiver of any such term or condition or any of its rights, nor will it imply a course of performance between the parties.

RETURN POLICY

A. Return Policy on Non-Defective Sale Items – for any sale material that a customer wishes to return to Dayton Superior for credit, the customer must first contact Dayton Superior. It must be mutually agreed that the material can be returned and a minimum 25% restocking fee will be charged. Credit will be issued against the customers account when Dayton Superior receives the approved return, in the original packaging and in resalable condition. Credit will be issued in the following amounts:

- i. Up to 30 days from the date of purchase – full credit less 25% restocking charge.
- ii. 31-90 days from the date of purchase – full credit minus 40% restocking charge.
- iii. No returns will be accepted after 90 days from date of purchase.
- iv. All chemical product returns must have pre-approval and will be approved at Dayton Superior’s discretion based on remaining shelf life.
- v. Configured-to-Order and Made-to-Order items are not eligible for return.
- vi. Any credit amount to be issued will be reduced by handling charges necessary to repackage returned items into resalable condition.

Dayton Superior will not accept the return of merchandise without prior written authorization. Customer may initiate a return by contacting their Customer Service Representative to obtain a return material authorization (RMA) number. The customer must prepay freight charges from the customer to a Dayton Superior location. Returns submitted without an RMA will not be accepted. The RMA will expire 30 days from date of issue. If the material is not received within 30 days of the RMA Acknowledgement date, the customer must begin the approval process again if they still wish to return the material.

B. Return Policy for Rental Items – Customer must notify Dayton Superior 24 hours prior to returning rental items either from their warehouse or from a job site. A packing slip is required on all returns. Material is expected to be returned in the same condition as it was received, or additional charges may apply. Rental charge will stop after receipt of rental items at a Dayton Superior service center. For any damaged material, the customer will be invoiced for replacement cost at list price less standard discount or appropriate repair charge. Damaged material invoiced to the customer at list price, less standard discount will be held at plant locations for 15 days, after which time the material will be scrapped. Cost of reasonable maintenance on rental material will be borne by Dayton Superior. Excessive maintenance costs on rental material will be invoiced to customer. In all cases, the customer will pay the applicable freight.

C. Returned Material – All material being returned must have been initially purchased from Dayton Superior.

D. Cancellation Policy – Verbal orders will be accepted by Dayton Superior Customer Service; however, the customer has the responsibility of checking the order acknowledgment for accuracy. Orders can be canceled by mutual agreement between customer and Dayton Superior. Cancellation of orders can only be accomplished by notifying the appropriate Dayton Superior location. All canceled orders already in the process of being shipped/manufactured are subject to a cancellation charge. If the material cannot be placed in Dayton Superior inventory, the full purchase price will be charged. If the material can be placed into Dayton Superior inventory a 15% service charge will be invoiced. If the material was in the process of being manufactured, charges to cover Dayton Superior costs will be invoiced to the customer.
