

B13 Coil Nut

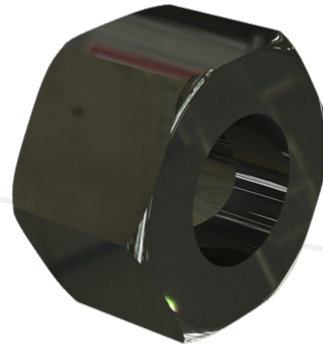

DESCRIPTION

Dayton Superior B13 Coil Nuts are available with coil threads in 1/2", 3/4", 1", 1-1/4" and 1-1/2" diameters, RH (B13R) and LH (B13L) threads.

FEATURES & BENEFITS

- B13 Coil Nuts are manufactured from high strength steel.
- These nuts are right hand threads.
- B13 Coil Nuts are available in 1/2" to 1-1/2" diameters.
- Two B13 Coil Nuts are required to develop B12 Coil Rod Ultimate Load.
- B13 Coil Nuts are used with B12 Coil Rod in many applications and used in the field.
