### **Dayton Superior Adds New High Strength Brace to Accubrace<sup>®</sup> Brand Portfolio**

**Dayton, Ohio Jan. 28, 2015** – Dayton Superior Corporation, the leading North American provider of engineered product solutions for the nonresidential concrete construction market, is adding a new high strength brace, the B33F, to its Accubrace brand product portfolio.

Dayton Superior's B33F High Strength Braces are designed for precast and tilt up construction applications such as retail and entertainment venues, educational facilities, as well as mixed use and office buildings. The all-steel, heavy duty wall braces offer a Safe Working Load of 15,000 lbs. with a 1.5:1 safety factor.

"The new B33F High Strength Brace will be available for rental beginning in February," said Estella Matemu, Dayton Superior Product Manager for the Accubrace brand product portfolio. "Like all the Accubrace by Dayton Superior brand braces, the B33F is engineered for unsurpassed speed and efficiency and can be used to brace on the inside or outside of the wall panel."

For more information on the B33F High Strength Brace or the Accubrace by Dayton Superior brand, visit [www.daytonsuperior.com](http://www.daytonsuperior.com).

###

### **ABOUT DAYTON SUPERIOR CORPORATION**

Dayton Superior is a leading provider of accessories, chemicals, forming and paving product solutions to the nonresidential concrete construction industry. Their portfolio includes over 17,000 standard, in-stock items, a network of 15 distribution centers and 13 U.S. manufacturing facilities allowing Dayton Superior to serve their customers as a single source provider of high quality products and services for over 90 years. Dayton Superior products are found on infrastructure, institutional and commercial construction projects across the world. With the 2014 opening of their Innovation Center, Dayton Superior will assess, evaluate, prototype and launch new products at an industry leading pace to transform industry productivity through innovation and create a competitive edge for their customers.
