

PAVING DIVISION ANNOUNCEMENT

Dayton Superior® Corporation is announcing the purchase of Dayton Superior Corporation's Road and Highway Concrete Paving Division, effective June 11, 2019, by Simplex Construction Supplies, Inc. (Simplex™).

The sale of the paving division allows Dayton Superior to more fully focus on the enhancement and growth acceleration of the accessory, chemical and forming solutions that are the foundation of the company's concrete construction product portfolio.

We wish to thank our many customers who have supported our paving products division over the years. We are confident Simplex will provide customers a seamless transition experience. As part of the initial transition process, any paving product delivered after June 11, 2019 will be invoiced under the Simplex logo. Payments for invoices prior to this date should be directed to Dayton Superior per the instructions on the invoice.

For questions or further information, please contact Dan Dolson, Chief Financial Officer, Dayton Superior Corporation.
